

# OWTS GRANT FAQS

## For REFERRING AGENCIES

**1****Can straight pipe “systems” be remediated with grant funding?**

All other eligibility requirements met, this grant can provide funding to homeowners without any OWTS in place that should have one according to current rules and regulations.

**2****Can this grant assist with connecting a failing OWTS to a nearby decentralized, cluster, or centralized wastewater system?**

Yes, as long as the receiving system has the capacity and willingness to receive additional wastewater.

**3****Where can I refer a homeowner if they have questions?**

Homeowners can call our office at 417.739.5001 or email [OWTSGrant@H2Ozarks.org](mailto:OWTSGrant@H2Ozarks.org)

**4****Who can evaluate/inspect the OWTS to deem it failing?**

Licensed local permitting authorities, local onsite authorities, or registered inspectors/evaluators with the MO Dept. of Health & Senior Services may evaluate OWTS systems for failures.

**5****How do I submit a referral?**

Navigate to our website at [www.H2Ozarks.org/moseptic](http://www.H2Ozarks.org/moseptic) and complete an “Agency Referral” located at the bottom of the page.

**Email us at [Contact@H2Ozarks.org](mailto:Contact@H2Ozarks.org) for further inquiries or to request a presentation about this program for your agency staff.**
